

DEPARTMENT RESPONSIBILITIES

Security Stance And Core Areas

An overview of the site components we managed and our specific physical security responsibilities for each zone.

This is the emergency response training PowerPoint. It opens directly from the presentation assets folder so you can review the deck alongside the rest of the materials.

ACCOUNT MANAGER TOOLKIT

Operational Systems Backed By Real Documents

This presentation is designed to show the tools themselves, not just talk about them. The materials

My first quarter would focus on learning the account, improving workflow visibility, and strengthening communication routines that help teams stay aligned.

DAY 30

Learn The Operation

Meet the client, understand coverage needs, review current tools, and identify where clarity is strongest or weakest.

DAY 60

Stabilize The Workflow

Refine rotation visibility, schedule communication, and update routines so supervisors and officers can move with more confidence.

DAY 90

Scale What Works

Build on the strongest tools, improve communication cadence, and keep creating systems that are easy to use and maintain.

Thank You

Thank you for reviewing my account manager presentation and the materials behind my workflow.
